What's instant?

Instant is a battery, Ready to Use - Long Shelf Life - Universal.

instant is a totally new type of battery, which satisfies in a unique way the needs and expectations of the consumers.

'Instant' Battery

The Green Technology of Vapex creates a brand new type NiMH rechargeable batteries, the 'Ready-to-Use' batteries, the 'instant' series--to satisfy the environmental, economical & convenience needs of customers.

Benefits of instant

Instant is a combination of a rechargeable and a disposable battery, the next evolutionary step for batteries into the 21st century.

- Immediate use
- Low self-discharge
- Environment protection
- Universal application
- Higher performance
- Recyclable package
